

Thank you for your wonderful support

Benvenuta Italia

For the first time in 3 years, Ohel Sarah took an overseas trip. 30 of our female residents went to Northern Italy in May and they loved every moment. Trips like these create wonderful memories, help to strengthen relationships and are a vital step towards social inclusion and integration.

L'Oreal Beauty Day

The women at our employment centre were treated to a day of pampering from L'Oreal. A group of beauty professionals and models came to Ohel Sarah to volunteer their time and expertise. It is a real highlight in the year for everyone involved.

Let's Go Shopping!

To help our students learn life skills, we have created an innovative, educational 'mini supermarket' inside Beit Chanoch boys' school. It is fitted with a cash register, shopping baskets and aisles of goods. The boys learn how to plan, choose, count and sort; giving them vital life skills in a fun setting.

Safeguarding

Ohel Sarah leads the way in raising awareness and educating about safeguarding issues and held a Safeguarding Conference in June. It was attended by parents of our students as well as professionals in the wider community. There were sessions about safeguarding implications for different age groups and genders.

Building Friendships

Children from a local mainstream school have been coming to Beit Chanoch for a joint carpentry club with our students. It promotes inclusivity, communication skills and awareness for people with special needs. In the words of the visiting students' teacher: "the students of Beit Chanoch benefit from interacting with mainstream kids, but our students learn even more about the amazing nature of children with special needs and their unique contribution to the world."

Walk to Israel 2022

Over 4000 children from 25 schools across the UK, collectively walked the distance from the UK to Israel on Yom Ha'atzmaut. Each child walked a mile and together they raised nearly thousands of pounds towards a new musical playground at the Wohl Centre.

Art Competition

We launched an art competition for school children with fantastic prizes and the chance to go on display at our new Wohl Centre in 2023. Thank you so much to everyone who entered – we loved seeing your creations!

Well done to our winners (L-R): **Eli Tabor, Davey Bolel and Esther Long.**
